CAREER SUMMARY

Enthusiastic and driven BTech 3rd-year student passionate about leveraging data-driven insights to solve complex problems. Proficient in programming languages such as Python and known the Power BI tool. I am deeply interested in the intersection of data analysis, machine learning, and predictive modeling.

EDUCATION

Einstein Academy of Technology & Management	Khordha, India
Bachelor of Technology in Computer Science Engineering (CGPA 8.2)	*Nov. 2021 – June. 2025*
St. Xavier International School	Bhubaneswar, India
Higher Secondary Education (Secured 70%)	*2021*
Carmel English Medium School	Khordha, India
Secondary Education (Secured 76%)	*2019*

PROJECTS

Students Attendance System using RFID / *HTML, CSS, Machine Learning Concepts*
- Making the fronted of the attendance system and some parts of ESP32 also analyzing the data — *Feb. 2025*

Zomato Data Analysis / *Numpy, Pandas, Machine Learning Concepts*
- Predicting the sales of Zomato and suggesting the area to focus for better sales. — *Sept. 2024*

Gold Price Prediction / *Numpy, Pandas, Machine Learning Concepts* — *Sept. 2024*
- Predicting the price of gold by following the past data using python and ML ops

IPL Player Data Analysis / *Numpy, Matplotlib* — *Jul. 2024*
- Analyzing performance metrics and trends of IPL players using data manipulation and visualization techniques in Python.

Employee Data Analysis / *Numpy, Matplotlib, Seaborn* — *Jul. 2024*
- Investigating employee-related data to identify patterns and insights using advanced data analysis and visualization tools in Python.

Waste Management System | *Numpy, Matplotlib* — Dec. 2023
- A solution designed to efficiently handle and process waste materials, aiming to optimize collection, recycling, and disposal practices.

CERTIFICATIONS

- **Python for Data Science** / *Scalaer Topics*
  Jul. 2024
- **Python (Basic) Certificate |** HackerRank — Jul. 2024
- **Gold Certified in Big Data** / *NASSCOM* — *Dec. 2023*

ACHIEVEMENTS (CODING)

- **2nd Runners Up (Drone) in Technoxian World Robotics Championship**
- **Secured 5 star in Python on HackerRank.**
- **Data Science Certification by IIT BBS**

TECHNICAL SKILLS

Languages: Python Basic, C, HTML, CSS
Libraries & Frameworks: Numpy, Pandas, Matplotlib, Seaborn
Tools & OS: Power BI
Database: MySQL

EXTRA-CURRICULAR ACTIVITIES

- Executive at ADASTRA The Annual Tech Fest
- Core Convenor at Annual Cultural Tech Fest
- Technology & Innovation
- Sports and Activities
